Subject: FW: Meeting With Seneca Nation for Catalyst Energy Injection Well
Attachments: USEPA/Seneca Nation Meeting to Discuss Catalyst Energy Injection Well

This is just an FYI- nothing to do on this. But I'll explain more about it when we talk Friday, since this is an ongoing issue between the Seneca Nation and R3's UIC program (they have primacy in Pennsylvania, which is adjacent to one of the Seneca territories). Seneca Nation and Grant like us to be involved.

Subject: Meeting With Seneca Nation for Catalyst Energy Injection Well

Good morning Grant & Alyssa,

Region 3 is planning on having a MS Teams meeting with the Seneca Nation regarding a UIC Class II disposal injection well in McKean County, Pennsylvania. We're currently consulting with the Nation on this proposed injection well and we wanted to let them voice their concerns and find out a little more about the project prior to providing their comments to Region 3. You're more than welcome to join the meeting. I've included the Meeting Invitation in this email.

Please let Brian or I know if you have any questions.

Regards,

Kevin Rowsey
